Cairo, Egypt

EDUCATION

Bachelor in German Linguistics | Faculty of Al-Asun (Languages)

Sep. 2021 – Jul. 2025 exp.

Ain Shams University, Cairo, Egypt

OBJECTIVE

To secure an entry-level software developer position where I can leverage my strong foundation in coding, problem-solving skills, and passion for technology to contribute effectively to a dynamic development team while continuously enhancing my technical expertise and delivering high-quality software solutions.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, HTML, CSS, SQL.

Frameworks, Libraries & Databases: React.js, Next.js, TailwindCSS, Bootstrap, jQuery, Express.js, PostgreSQL, MongoDB.

Platforms & Tools: Git & GitHub, NPM, Postman, Figma.

PROJECTS

Movibes | [Github](#) | [Live Demo](#)

A Movies/Tv shows website built with Next.js, TypeScript, and TailwindCSS.

- Developed a Movies/Tv shows website using Next.js, TypeScript, and TailwindCSS.
- Implemented simulated authentication using JWT for user interactions and managed user data securely.
- Achieved fast and optimized loading times with Server-Side Rendering (SSR) for a seamless user experience.
- Created a robust search functionality for easy discovery of movies and TV shows.

Movies API | [Github](#)

A RESTful API for movies built with Node.js, Express.js, and TypeScript

- Designed a RESTful API for movies using Node.js, Express.js, and TypeScript.
- Enabled user registration, authentication, and movie search functionality for enhanced user experience.
- Improved code quality and maintainability by leveraging TypeScript.

Note: Movies data are scraped from "IMDB" using Node.js and Puppeteer.
